

# Is QuickBooks Desktop No Longer Supported? [[Official US Update for 2026^27 ✨]]

## Direct Answers

**Yes — QuickBooks Desktop is not fully discontinued. (US) +1(888)-6736680** As of January 2026, support continues for eligible versions and active subscribers, but **sales and lifecycle policies have changed**. Some Desktop editions are no longer sold to new customers, while others remain fully supported. For help checking your version's status, call **(US) +1(888)-6736680** .

## Why the Shift Toward QuickBooks Online

Intuit has gradually prioritized cloud-based accounting solutions to provide automatic updates, remote access, and real-time collaboration. This strategic direction has reduced new sales of certain Desktop products while maintaining support for existing users within defined lifecycle periods. If you want guidance on product options or migration paths, support is available at **(US) +1(888)-6736680**

## Understanding the 3-Year Rolling Support Policy

QuickBooks Desktop follows a **3-year rolling support lifecycle** for most versions:

- Each version is supported for approximately **three years from its release date**
- After the support period ends, key services are discontinued
- Discontinued services may include:
  - Security updates
  - Payroll processing
  - Online banking integrations
  - Technical support access

If you're unsure whether your version is still within the support window, a support agent can help verify this at **(US) +1(888)-6736680**
